Bespoke glazing

Our new auto-lock entrance doors offer instant security day and night, without having to lift handles or find your key. Secure, stainless steel hook locks engage automatically as soon as the door is closed - Preventing would-be intruders from following you into your home. This incredible addition to our entrance door range also features a full-height vision panel and a 1,200-millimetre stainless-steel pull-handle.

Our Auto-Lock Entrance Doors come with many exquisite features...

Bespoke Design:

As the entire system is built in our state of the art factory, we can help You produce a unique design to suit your home:- Satin glass, Clear glass, Flat or Shiplap panels, can all be incorporated in a variety of configurations to create your bespoke door.

Bold Furniture Options:

1200mm Stainless Steel Pull handles are available in round 'T' bar or square mitred options.

Marine Grade Stainless Steel:

Door furniture is manufactured from marine grade 316 stainless steel for a highly durable and attractive finish.

High Quality, Easy to Operate Thumb-Turn Lock:

These doors come with an ISEO barrel lock with Stainless Steel Security Escutcheon and Ergonomic internal thumb-turn as standard.

High Security Locking System:

Double Hook-Lock and Dead Bolt locking makes these doors virtually impenetrable to would-be intruders.

Complementary Window System:

We have a full range of fixed or casement windows which can be joined to our auto-lock doors by means of a hidden coupler. This makes any combination of side or top frames possible

Building Control:

Our range of aluminium sliding doors fully comply with Doc L of the Building Regulations

We're absolutely delighted with our new doors - many thanks to the whole team for a job well done.

Cynthia & Roger Phipps, Ivybridge

We are very pleased with the new door & panels. Your installers were extremely helpful and carried out a very professional job.

Diane & Richard Ball, Plymouth
